HIPERTIN

UTOPIK OX

Description:

Dyes and Bleaching Powder do not have the capacity to act on their own and obtain results. To activate their function they require an oxidation process.

In the UTOPIK line, the Utopik-ox peroxide cream has revolutionized the market, thanks to its innovative formula:

Benefits of use and visible results:

- Pleasant tangerine scent.
- Pale orange color.
- · Improves mixing with dyes.

Available in 10, 20, 30 and 40 vol.

Active ingredients and components:

SUNFLOWER SEED EXTRACT
It protects the hair from free radicals, prevents the aggressions of UV rays and exerts a prolonging effect on the color of the hair.

Application mode

In the case of dyes, it is important to remember that the proportion is 1:1. Super-lightening tones are the exception to this rule. In this case, the mixture is 1:2.

In the case of bleach, the necessary amount is added until a homogeneous mixture is achieved.

It is advisable to carefully follow the instructions mentioned on the packaging.
