Description:

Multivitamin Complex is a treatment especially indicated for dry and damaged hair. It helps eliminate static charge from hair. It contributes to providing a high degree of nutrition and softness. Thanks to its composition based on vitamins and plant extracts, the hair regains its healthy and shiny appearance.

Benefits of use and visible results:

- It contributes to prolonging the hair's life cycle, helping it to grow healthy, as long as it is applied regularly.
- It helps revitalize and nourish hair.
- It helps provide shine and softness.
- It helps protect and restructure the root and ends.
- Easy and fast application.

Active principles and components:

VITAMIN COMPLEX/ ALEURONE WHEAT

Contains Vitamin A, B5, H, E, Omega 3 and 6 that contribute to the hydration and protection of the hair, with anti-loss action, strengthening the hair from the inside.

CREATINE

It protects the hair against (chemical) processes such as dyeing or perming.

ANTI-POLLUTION COMPLEX

Composed of natural extracts such as: ginseng, apple, peach, wheat and barley, which have a specific anti-pollution and detoxifying action, protecting the hair from external aggressions.

Application mode:

After washing, remove excess water with a towel and apply 1 dose. Distribute the product from roots to ends with a gentle massage, let it rest for a few minutes and rinse with plenty of water.

To achieve greater effectiveness, it is recommended to make at least one weekly application.
