NO GAS HAIRSPRAY

VEGAN PRODUCT

1 **2** 3  
FORCE  
HOLD

## Description:

Strong hold, no-gas hold hairspray ideal for all hair types and specifically for damaged hair. Leaves a natural finish to the hair. Its formula allows the hair to be modelled, according to the desired style, conditioning it and giving it shine and volume.

NO GAS fixation and environmentally friendly!

## Benefits of use and visible results:

- Gives strong but flexible hold while maintaining total freedom of styling.
- Conditioning effect.
- Thanks to its manual spraying system, its spraying does not affect the environment as it does not contain propellant gas.

## Active ingredients and components:

Its formula is based on the latest generation of ingredients:

- **Amphomer:** This resin provides a strong hold but the final finish leaves the hair flexible. It leaves no residue.
- **Poly-vitamin B complex:** Provides a conditioning effect. Helps cracked hair to recover, making it shiny and soft.
- **Cyclomethicone:** Silicone that provides shine and conditioning.

This hairspray does not contain any propellant gas, guaranteeing a completely zero ecological impact.

## Spray force:

1 **2** 3  
FORCE

## How to apply:

Spray the hair for a few seconds at a distance of 25 to 30cm with circular movements around the head. For superior hold, spray a few times on the same section of hair while maintaining the distance.

Never spray from closer to avoid wet and sticky hair.

## Presentation and formats:

- No Gas Strong Hold Hairspray 300ml. → **Code. 8600**
- Box of 12 bottles
