BOUNCE CURLY FOAM

Description:

Bounce Curly Foam is the new **HI STYLE** strong hold hair mousse. A finishing hair product that allows curly hair to be styled according to the desired style.

Formulated from natural components and active ingredients such as **Provitamin B5** and **Hyaluronic Acid**. Its composition contains **87% natural origin ingredients**.

The foam forms a film around the hair, thus providing a protective layer against external aggressions, providing treatment and care to undernourished hair and providing shine and volume. It is an ideal product to work on curly hair and achieve a perfect look with a natural finish.

Active ingredients and components:

- **PROVITAMIN B5** Component especially indicated for hair treatments thanks to its incredible conditioning power. It helps to repair dry and weak hair. It also helps to retain moisture, making hair more flexible and preventing loss of shine.
- **HYALURONIC ACID** Provides a highly moisturizing effect on the hair, preventing water loss and nourishing the hair, restoring its natural texture and balance.

Benefits of use and visible results:

- Helps nourish and moisturize hair.
- Defines the hair's natural curl.
- Makes curls flexible and prevents breakage.
- Spring effect.
- Fixes the hair with a natural finish.
- Contributes to increased shine and softness.
- Gives body and volume to the thinnest curls.
- Fixes and defines the hairstyle without weighing it down.

Foam strength:

Method of application:

After washing the hair, remove excess moisture with a towel. Shake the mousse and apply the required amount to damp hair. Spread it with the fingertips or a wide-toothed comb. Do not rinse. For more curl definition, blow-dry hair with a diffuser.
